AOB

Some discussion took place regarding the weight restriction over Kirkham Bridge, HGV's still seemed to be using the bridge and it was advised that if anyone sees this happening to get the company of the vehicle and also the registration number so that the PC can report them.

It was agreed by the PC that better signage on the A64 is needed to stop/warn HGV's of the weight restriction of the bridge.

AF to email James Malcolm from Highways and ask him what the situation is with regarding to signage for the weight restriction of the bridge.

Kirkham Bridge would be closed for a 6 week period which is due to start on the 22nd January. CS to see if she could find out if the road would be open on an evening/night when works are not going on.

The meeting ended at 8.10 p.m.

Next meeting 7th March 2018
